CAREER OBJECTIVE

Motivated Computer Applications student pursuing a BCA at Tribhuvan University, with hands-on experience building backend systems in Java and Spring Boot, including REST APIs and MySQL integration with Spring Data JPA/Hibernate. Continuously expanding practical skills through personal projects and self-directed learning, and eager to contribute and grow as a Java Developer / Spring Boot Intern on a professional engineering team.

TECHNICAL SKILLS

Languages: Java, SQL (Basic), JavaScript (Basic), PHP (Basic)

Backend: Java, OOP, Spring Boot, Spring MVC, Spring Data JPA (Hibernate), JDBC, REST API Development, DTO Pattern, Exception Handling, JSON, JWT Authentication (Basic), Spring Security (Basic – currently learning)

Database: MySQL

Build Tools: Maven

Tools: Git (Basic), GitHub (Basic), Postman, IntelliJ IDEA, VS Code

Web: HTML5 (Basic), CSS3 (Basic)

Operating Systems: Windows, Linux (Kali Linux – familiar, currently learning)

PROJECTS

Hospital Management System | *Spring Boot, Spring Data JPA, MySQL, REST APIs*

github.com/karunbaral40/hospital-management-system

- Designed a layered backend architecture for managing patient records, appointments, and staff data
- Built and exposed RESTful CRUD APIs using Spring Boot and Spring MVC
- Integrated MySQL with Spring Data JPA/Hibernate for reliable data persistence
- Applied the DTO pattern and global exception handling for clean, consistent API responses
- Implemented basic JWT authentication to secure API endpoints
- Tested and validated all endpoints with Postman; tracked development with Git/GitHub

Student Management System | *Spring Boot, Spring Data JPA, MySQL*

github.com/karunbaral40/Student-managemet-system

- Developed CRUD REST APIs for managing student records using Spring Boot and Spring Data JPA
- Connected the application to a MySQL database for persistent storage
- Built and managed the project using Maven; verified endpoints with Postman
- Version-controlled the codebase with Git/GitHub

EDUCATION

Bachelor of Computer Applications (BCA)

Everest College, Tribhuvan University (TU) — Kathmandu, Nepal

Currently in 4th Semester | Expected Graduation: 2028

SELF LEARNING

Continuously builds backend development skills through personal projects, official documentation, and consistent hands-on practice with Java and the Spring ecosystem.

LANGUAGES

Nepali (Native), English (Basic Working Proficiency), Hindi (Basic Conversational)

INTERESTS

Coding, Learning New Technologies, Reading, Music, Gaming, Reading Manhwa
